Kuniya Group of Institutions

Gateway to Your Future

Kuniya Group of Institutions (KGI) located in Kuniya in the socially backward district of Kasaragod, is set to emerge as a world class institution matching global standards. The Kuniya Group of Institutions are run by Kunhamed Musliyar Memorial (KMM) Trust that envisions the uplift of the region by offering top-notch education that fulfil the aspirations of young minds.

The KGI envisions harmonious fusion of traditional and modern knowledge systems geared towards imparting multidisciplinary, research-intensive and technology-driven world class education that nurtures creativity innovation, eco-sensitivity and social

accountability in the youth of today and tomorrow.

The KGI is proposed as a centre of excellence with career and research oriented academic programmes in Medicine & Health Care, Engineering & Technology, Arts & Science, Commerce & Management, Languages & Literature, Humanities & Social Sciences and in their allied areas. The KGI envisions to establish Centre for Astronomic Research, Centre for Research in Artificial Intelligence, Centre for Nano Technology, Centre for Biotechnology Research, Centre for Research in Renewable Energy, Centre for Scientific Testing, Centre for Rehabilitation and Research, Centre for Competitive Examinations, Centre for Language Learning, etc.

KGI is dedicated to realizing its vision by utilizing modern world-class facilities to generate and disseminate knowledge. The KGI is committed to contributing to the country's revenue through research and innovation. The unique industry-linked programmes at offer are designed to equip students with the skills required for competitiveness in the job market.

The faculty will comprise experienced professionals with international exposure to advanced modes of instruction. The University will offer education to both national and international students. The 200-acre campus will utilize renewable energy to maintain ecological balance and promote sustainable development.

The student exchange programme with universities abroad will be a highlight of the KGI's offerings. KGI is committed to creating a township in the surrounding area, which will provide residents with employment opportunities and a good quality of life

KGI is committed to cultivating compassionate and service-oriented values in its students, with the aim of creating an advanced global community.

The KGI seeks to transform underprivileged communities into capable, dynamic societies that can thrive in the modern world. This will be achieved through a focus on high ethical and moral values, and by achieving excellence in social, educational, and economic spheres that meet global standards.

KGI envisions a stronger and more advanced society that shares the earth's blessings equally, leading to the emergence of capable leaders. Graduates will be equipped with the skills to excel in international employment and serve as ambassadors of humanity. Through innovation and invention, KIU aims to make life easier and more comfortable for all

Kuniya College of Arts & Science

[Affiliated to Kannur University]

Kuniya College of Arts & Science was established in 2023 as part of the Kuniya Group of Institutions. It is managed by the KMM Trust and affiliated with Kannur University.

The College offers a diverse range of seven undergraduate programs in English, Arabic & Islamic History, Economics, Social Work, Commerce, Psychology, and Business Administration (with a specialization in Aviation & Hospitality).

The College boasts state-of-the-art infrastructure, including air-conditioned classrooms with ICT-

enabled facilities, Wi-Fi internet connectivity, and stylish furniture, providing students with a comfortable and conducive learning environment.

The College provides an extensive range of student amenities, including tutorial and mentoring support, peer support, career counseling, financial assistance, clubs and forums, a student health clinic, recreational facilities, library and reprographic facilities, digital library, reading room, computer labs, prayer room, sporting facilities, retiring rooms, language centre, seminar hall, and meeting room.

The faculty with international research exposure is a unique feature of the College. The College emphasizes research-oriented, experiential, and student-centered teaching to encourage students to take ownership of their learning experience, fosters critical thinking, problem-solving, and creativity, and to promotes collaborative learning.

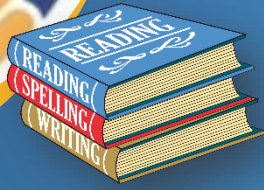

The Research Promotion Council functioning in the College is set up with the objective of promoting and supporting research activities among students. The Council also proposes to extend research consultancy services to the students and faculty of the nearby institutions.

The Cell for Add-On Courses and Programmes functioning in the College offers the students with an opportunity to undergo career-oriented skill programme parallel to their regular undergraduate programmes.

The clubs and forums functioning under various departments of the College hosts a multitude of co-curricular, extra-curricular and social and community extension programmes aiming the wholesome developments of the learners.

The College is currently in the processes of entering into MoUs and Collaborations with national and international institutions of repute to expand the opportunities of the students.
