B. Com
## Computer Application

VISION

To be a leading center of commerce education that nurtures innovation, leadership, and social responsibility, empowering students to become globally competent, ethically grounded, and environmentally conscious professionals.

MISSION

The mission of the Commerce Department is to foster a dynamic learning environment that empowers students with the knowledge, skills and ethical principles necessary to succeed in the global business landscape. We are committed to providing a comprehensive education that encourages innovation, critical thinking and leadership while emphasizing the importance of social responsibility and sustainable practices. Our goal is to prepare graduates who can effectively navigate and contribute to the evolving business world with integrity, professionalism and a global perspective.
