BA
ECONOMICS

VISION

To cultivate a generation of highly skilled economists who are skilled at analyzing economic trends and data and who possess the intellectual rigor to apply their expertise in addressing the versatile challenges of a rapidly changing global economy.

MISSION

- To provide a transformative education that is grounded in economic theory and quantitative methodologies.
- To foster critical thinking and problem-solving abilities that prepares students for impactful careers in economics and policy analysis.
- To promote intellectual curiosity and research-driven inquiry, enabling students to apply economic principles to real-world challenges.
- To develop ethical economists who are committed to advancing societal well-being through their expertise and research.

ABOUT THE DEPARTMENT

The Department of Economics at Kuniya College of Arts and Science, affiliated with Kannur University, offers a rigorous, interdisciplinary education that integrates theoretical economics with empirical analysis. Our programs are meticulously designed to prepare students for careers in economic research, policy analysis, academia and industry and civil services to serve a vibrant community. By integrating a rigorous curriculum with practical experience, we ensure that our graduates are fully equipped to address the challenges of the modern economic environment.
